

Food Glorious Food

A group of volunteer representatives have met to discuss and agree a lunchtime charter. This aims to help children to understand their role in happy, helpful lunchtimes. Learning good table manners and the art of conversation also featured in the discussion and guidelines written by the group.

Below is the completed charter which will be shared with the whole school in assembly and displayed in the hall and classrooms to remind the children of the positive steps they can make to enhance the lunchtime experience for all!

Lunchtime Charter

This is how we will eat our lunches in the hall, in classrooms or outside.

- Just eat all your own lunch
- Be polite to the dinner ladies and other children
 - Show good manners at all times
- Take turns to talk and not shout over other people
 - Keep your table tidy
- Please pick up anything that you drop on the floor
 - Include others in your conversation
- Check with an adult before you leave the table

Be a member of the Super Star lunchtime club!
