How to make a jelly

Ingredients: a packet of
jelly
Hot water
Cold water

Equipment:
A bowl
A spoon
and a fridge

Method

- 1 Wash your hands sensibly.
 - 2 Break up the jelly in to the bowl.
 - 3 Then put hot water in to the bowl. Carefully stir it. Add cold water and
 - 4 stir again. Finally put it in the fridge and wait 24 hours. And then ^{take} it out of the fridge and eat it.
